The diagram shows the U-shaped PCB with various components and their connections. Components include U1 (TDA2030A), U2 (TDA2030A), U3 (TDA2030A), U4 (TDA2030A), D3 (Zener diode), IR954 (IC7), and R10 (Resistor). The circuit includes power supply connections (Vcc, GND), input signals (C1, C2, C3, C4, C5, C6, C7, C8, C9, C10, C11, C12, C13, C14, C15, C16, C17, C18, C19, C20, C21, C22), and output signals (O1, O2, O3, O4, O5, O6, O7, O8, O9, O10, O11, O12, O13, O14, O15, O16, O17, O18, O19, O20, O21, O22).
